

DO YOU WORK WITH CLIENTS WHO HAVE COMPLEX EMOTIONAL NEEDS OR PERSONALITY DISORDERS?

Do you find this work challenging but don't understand why?

Take a look at this FREE training, funded by the Department of Health, and offered locally in the South Central Region by experienced clinicians, and ex-service users (STARS) of the Thames Valley Initiative Team.

The **K**nowledge and **U**nderstanding **F**ramework Awareness level training is a national initiative by the Department of Health in partnership with the Ministry of Justice to increase understanding, develop skills and improve services for people diagnosable with personality disorder. This innovative training combines 6 interactive on-line modules and 3 facilitated workshop days. This training counts towards CPD. Further information and examples can be found at www.personalitydisorderkuf.org

Is this training for me?
